

System Council U-4 Negotiation News

October 20, 2021

Volume #1, Number #3

Brothers and Sisters, the System Committee would like to thank the Membership for their patience as we continue to negotiate an equitable contract with the Company.

As previously stated, the Company and Union are still working through Corporate and Benefit proposals. The parties have come to tentative agreements on some corporate proposals and shall continue discussions on those few remaining items. Benefits proposals have been somewhat contentious at times, but the parties have continued discussions in an effort to find an acceptable compromise and reach agreements.

After a two day break we are scheduled to return to negotiations on 10-21-21.

The Committee would like to stress to all the Membership to remain focused on your safety and avoid being the victim of work distractions.

Remain committed to the Code of Excellence and promote the safest possible workplace and encourage respect for the customer's rights and property, as well as, for others on the job.
