

# System Council U-4 Special Bulletin

September 7, 2017

Volume 3- 2017

Brothers and Sisters

Your System Committee was optimistic that we would close out negotiations this week and provide you with a proposal package we could recommend to the membership for acceptance. Unfortunately, Hurricane Irma has changed our plans. The company had proposed a postponement of negotiations and conveyed that they would reconvene discussions to complete negotiations as soon as conditions permit.

The storm impact will surely have many customers experiencing power outages. That is when our customers will need our highly skilled professional resource to restore their power.

Our message to all of our Members is to stay focused on the safety of your family and friends during this major hurricane event. Remember that FPL customers are our neighbors and our communities need our assistance. We have been and continue to be the best in the restoration process.

Remember To Use Your Grounds and Ground It Out  
“We Are Our Brothers Keeper”
